THE PRESIDENT'S MESSAGE

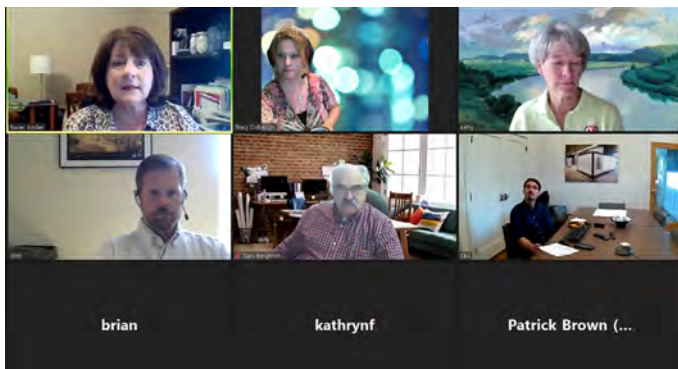

NOVEMBER 2020

Mr. Geoffrey Cavalier, CSI,
Assoc. AIA, NCARB
CSI Knoxville Chapter President
cavaliergeoffrey@gmail.com

Our last monthly meeting we welcomed guest speaker Daniel Roach with Perfect Water to share when and how to harvest rainwater for residential and commercial applications. His knowledge and experience was apparent as he spoke about the various stages of water harvesting and different options for different needs. Water harvesting isn't necessary everywhere, especially in our local climate, but it does allow for off-the-grid independence that many people desire. It has potential to save owners money, while also providing high-quality potable water. I personally enjoyed learning about these systems, and even during our conference call meeting we had an engaged audience with many people asking questions.

Our annual golf tournament was on October 30th, and it was very successful. Turnout was high and it seemed like everyone, golfers and volunteers, had a great time. Half of our profit for this event will be going to our scholarship endowment that goes to students at the College of Architecture and Design. I would like to specifically thank Wes Crow for putting this together again. This is our second largest fundraising event, and I do not know how we would manage it without his help.
