THE PRESIDENT'S MESSAGE

APRIL 2021 PRESIDENT REPORT

Mr. Geoffrey Cavalier, CSI,
Assoc. AIA, NCARB
CSI Knoxville Chapter President
cavaliergeoffrey@gmail.com

On Wednesday, April 7th at 12:00 EST, there will be an LU presented by Sam Rasmussen from Workspace Interiors. This is part of a new monthly lecture series from the Knoxville Post-Covid real estate work+life Coalition. CSI is happy to be part of this coalition and promote this series. Our mission is to promote education and understanding in the construction industry by communicating within and across disciplines. This project fits in perfectly with what we are trying to achieve.

This pandemic has brought many new challenges and our built environment can work for and against us. We have a year of data and experiences of what we can do to help, not only for the remainder of this pandemic, but for the next one. I am personally eager to learn more about ways I can design spaces that can better keep more people safe and healthy.

Mr. Geoffrey Cavalier, CSI, Assoc. AIA, NCARB
CSI Knoxville Chapter President
cavaliergeoffrey@gmail.com

CSI HIGHLIGHTS

Summary from Tuesday, March 2nd Board Meeting

The board met via Zoom online conferencing to discuss the following CSI events:

- JUNE 2021 – PLANNING MEETING
- CSI Certification Study Group
- CSI Knoxville Golf Tournament UT Endowment
- CSI Product Show scheduled for Spring 2022
- CSI Virtual Game Night: Wednesday, April 28th, at 7:00pm!

Greetings CSI Knoxville members,

The CSI BOD and volunteers work hard to provide monthly meetings that add value to you through technical programs with AIA CEU credits. We want to remind you of these recurring, second Tuesday of the month, lunchtime meetings, which we've been hosting via Zoom since the Covid shut down. We also want to invite any of you who have technical expertise in any given area pertaining to construction, design, engineering, or other element related to the built environment, to share that expertise with our group. If you have AIA accredited programs you would like to offer, or if you would like us to help you develop an accredited program, we would love to hear from you. We strive to give our members priority to get in front of the group with presentations, but will allow and welcome other nonmembers to give presentations when program dates are not already taken by a member.

Please send me a message or give me a call if you would like to discuss your program idea and get you on the schedule for 2021-22. If you would like us to help you develop an accredited program, we would love to hear from you. The chapter is an AIA/CES accredited presenter and can submit your program to be accredited.

Also, if you do not have a presentation, but have a request for a presentation on a specific topic, please share that with us as well.

Thank you,
Josh Buchanan
Education/Program Chair

CEU SUMMARY

HIGH-PERFORMANCE PROTECTION COATING SELECTION

FOR INTERIOR AND EXTERIOR ARCHITECTURAL APPLICATIONS

PROGRAM DESCRIPTION:

This program will cover the various types of high-performance coating systems for interior and exterior exposed architectural applications, including ferrous and non-ferrous metal, gypsum drywall, concrete masonry and concrete. Discussion will center around how high performance coating systems can provide additional protection and beautification for high-profile projects or areas subjected to harsh environments and abuse.

LEARNING OBJECTIVES:

- Identify the coating environments applicable for architectural applications
- Understand what generic coating type should be used for a particular environment
- Identify what generic coating type should be used for interior and/or exterior applications
- Understand a complete coating system includes a primer, intermediate and topcoat
- Identify where floor coatings can fit into a particular project scope
- Understand what coatings may be used on environmentally focused projects

PRESENTER QUALIFICATIONS:

All Tnemec continuing education presenters have been trained on AIA/CES and NCEES RCEP guidelines. In addition, they receive continuous in-depth field training and are considered industry experts.

PROVIDER: Tnemec Company Inc.

PROGRAM #: TNE010

PROGRAM: High-Performance Protection Coating Selection for Interior and Exterior Architectural Applications

LENGTH: 1 Hour

CREDIT: 1.0 LU/HSW, 1.0 PDH

TIFFANY GOULET

Coating Consultant

As a second generation Tnemec coating consultant, Tiffany learned the importance of technical knowledge as a component of customer service early in her career while working in the agency's office. That experience was invaluable as she gained expertise in specialty architectural coatings for correctional, commercial, educational, recreational, veterinary, healthcare, industrial and many other markets.

Tiffany earned the Construction Documents Technologist (CDT) certificate from the Construction Specifications Institute (CSI). She is past president and active on several committees of the Nashville Chapter of CSI, such as serving on the board and organizing the annual product show, holiday parties and awards banquet. She is also a NACE Level 1 Certified Coating Inspector.
