TBD

THE PRESIDENT'S MESSAGE

GREETINGS, KNOXVILLIANS!

Kathryn E. Fuller, AIA, NCARB, CSI CDT
CSI Knoxville Chapter President
kathrynf@mbicompanies.com

Greetings, Knoxvilleians!

October brought the Annual CSI Knoxville Golf Tournament. It was a success – thank you to all sponsors and players! Proceeds will benefit the University of Tennessee College of Architecture and Design, the CSI scholarship, and other local construction and design educational programs.

We received the updated versions of the new Knoxville Chapter CSI logo, and have started to implement its use. Stay tuned for availability of CSI Knoxville shirts sporting the new logo!

Our next lunch presentation will be November 9th @ AGC.

Kim Costner, with Tim Morales & Associates, will present “Total Design & ADA in Restrooms.” Please join us!

Let's make this a great year. Our events continue to be open to everyone – with in-person and virtual attendance options.

I hope to see you, or “see” you, at our next event!

Kathryn E. Fuller, AIA, NCARB, CSI CDT

CSI Knoxville Chapter President

CSI HIGHLIGHTS

Summary from Tuesday, October 5th Board Meeting

The board met via Zoom online conferencing to discuss the following CSI events:

- CSI Certification Study Group
- CSI Holiday Party December 14th - Location: TBD
- CSI Product Show scheduled for March 8th 2022
- CSI Unveils New Logo!

COLORS

Color is one of the most recognizable aspects of the CSI brand. Drawn from the gradients of the Design Mark, the color palette provides bold and complementary colors that can be used for graphic design applications by chapters and regions.

Continuing Education System
TOTO Registered Provider Program Summary Handout

Provider: **TOTO USA, Inc.**

AIA Course Number: **ito22j**

Course Title: **Total Design and ADA in Restrooms**

Length: **1 Hour**

Credits: **1 AIA LU/HSW CE Hour, 1
ADA/Accessibility/Barrier-Free Credit
Hour, 1 IDCEC CEU**

Description

On average, people use the restroom six times per day. Restrooms in a building largely reflect the design decisions you make. The purpose of this course is to make the case that a comprehensive design approach that integrates ADA design requirements, Universal design strategies, and sustainable initiatives provides an inherently accessible and healthier restroom space for all users. "Total design" encompasses all design practices that include a wide spectrum of usage for all people. Isolating these design concepts into labels or "specialties", prevent them from being incorporated into good design practices.

Learning Objectives

By completing this course the design professional will be able to:

1. Identify how the restrooms in your buildings really impact occupants and your legacy as a designer.
2. Review 2010 ADA standards for Accessible Design for restrooms and their implementation.
3. Distinguish between minimal accessible design and universal design.
4. Define the characteristics of TOTAL design as they apply to the restroom setting.

Method of Delivery

The course is offered to design professionals in a lunch and learn classroom setting. The course is presented in PowerPoint.

Cost to Participants

The course is sponsored by the manufacturer and is therefore offered to designers at no cost.

For more information or to schedule, please contact

TOTO®

A NEW LOOK AND VISION FOR CSI

It's time to build on CSI's solid foundation and design a new future, starting with a new look and a new way of thinking about who we are and what we do.

Community Building in Progress

A new look that reflects CSI's commitment to be an inclusive community for the AEC industry now, and for the generations to come.

Active Innovation Site

A new look that matches our renewed commitment to research, state-of-the-art building information, and more course development.

Higher Elevations Ahead

Refreshing the look of CSI to match the ways we are elevating your development and your certifications to new heights.
