## THE PRESIDENT'S MESSAGE

### GREETINGS, KNOXVILLIANS!

Kathryn E. Fuller, AIA, NCARB, CSI CDT  
CSI Knoxville Chapter President  
[kathrynf@mbicompanies.com](mailto:kathrynf@mbicompanies.com)

Greetings, Knoxvilleians!

And I thought August was a busy month!

September brought the general announcement from CSI National about new Chapter borders, the new standardized membership dues structure, and a new logo!

The CSI National Conference was September 22-24 in Nashville. This year's theme was Reengage, Reconnect, Refresh. It was great to reconnect in-person with everyone from the Northwest Region; and meet several new friends and colleagues in my new Gulf States Region home!

The new CSI logo was revealed and "a new way of thinking about who we are and what we do."

Programs, education, tours, and events were outstanding and well-organized. Thank you Nashville for hosting the National Conference this year!

CSI Knoxville received the Outstanding Chapter Commendation, once again! Great job, Geoffrey, and everyone!

Before driving home, I took the opportunity to visit the Roy Orbison Building and the Johnny Cash Museum. I am a huge fan of both these humble pioneers of American music!

Fun fact: The Orbison and Cash families were next door neighbors at Old Hickory Lake.

Locally, CSI Knoxville will have our next presentation on October 12th @ AGC.

Dan Whittelsey, with Crown Hardwood Veneer, will present AWI's program entitled "Designing with Hardwood Veneer."

Please join us!

The Golf Tournament is also coming up on October 22 – sign up to play, and/or sponsor by October 18th.

Let's make this a great year. With continued uncertainty due to the virus, our events continue to be open to everyone – with in-person and virtual attendance options.

I hope to see you, or "see" you, at our next event!

**Kathryn E. Fuller, AIA, NCARB, CSI CDT**

- Wood veneer production
- Slicing methods and specification
- Grain and figure; how they affect your design
- Grade requirements: allowable characteristics & identifying defects, availability in LEED projects
- Avoiding specification errors
- Practical limitations to what you can do with wood veneer
- Leaf to leaf matching, Panel matching, Room matching
