

The Construction Specifications Institute

CSI KNOXVILLE CHAPTER MEETING TUESDAY, FEBRUARY 12TH, 2019 MASONRY DESIGN AND SPECIFICATION REVIEW

Presented By: **Pat Conway, AIA** Wisconsin Director of Industry Development and Technical Services for the International Masonry Institute

**1LU
HSW**

CALHOUN'S ON THE TENNESSEE RIVER

400 Neyland Drive
Knoxville, TN 37902
(865) 673-3355

Our Chapter meetings are generally on the 2nd Tuesday of each month and are at Calhoun's on the River in one of the upstairs meeting rooms.

Lunch	11:30 am
Seminar	12:00 pm

\$0	CSI Members
\$0	First-Time Guest
\$20	Returning Guest/ Non-Members

Please RSVP to either Will Dunklin at wdunklin@gmail.com or to csiknox@gmail.com by 3:00 pm on Monday, February 11th, 2019

ORGANIZED SEPTEMBER 1958 - CHARTERED MAY 1959

THE KNOXVILLE CHAPTER MEETS ON THE SECOND TUESDAY OF EVERY MONTH. GUESTS ARE WELCOME!

CSI KNOXVILLE IS A MEMBER OF THE CSI GULF STATES REGION

THE SPECK Editor

Stacy Flick Colbaugh - Editor
scolbaugh@lewisgroup.net

THE SPECK is published monthly by the Knoxville Chapter of the Construction Specifications Institute. Readers are encouraged to submit articles and images of the construction industry interest for our membership. All submittals should be sent via e-mail in a typical file format, such as .pdf, .docx, or .jpg Please verify the accuracy of the information such as correct dates, spelling, and grammar. Deadlines are the 25th of each month.

CALENDAR OF EVENTS

THE PRESIDENT'S MESSAGE

NEW YEAR! NEW IDEAS!

MR. R. AARON MILLER, CSI, CDT, AIA
Design Innovation Architects
CSI Knoxville Chapter President
AMiller@dia-arch.com

Well, the New Year has arrived and it's hard to believe that we are already into the month of February. My how time flies. Speaking of new, CSI Knoxville is getting a new look, at least electronically. You may have noticed that the email you just received looks different. We have just rolled out the use of a new software to streamline our communications and the sharing of information to our membership. We look forward to the capabilities of this new software and the potential it has to help us bring new and improved benefits to our members.

Last month we had our second installment of our traveling Chapter meeting. We had the pleasure of visiting the historic Blount Mansion to take a walk through history and the work behind preserving one of Knoxville's many historic sites. We want to thank Blount Mansion for hosting our meeting, as well as David Hearnes, Executive Director for leading the presentation and tour.

The annual 2019 ETN Building Products Show is just around the corner. If you have not yet marked your calendar, this event is set for Tuesday, March 12th from 4pm to 8pm and the location is at the Foundry at World's Fair Park. For product reps, companies, etc. that have not yet reserved their booth, there is still time but space is limited and they are filling up fast, so make sure you visit our website for additional information. Plans are being pulled together to add an accredited presentation at the beginning for all attending. Be on the lookout for additional information soon on how to register. We look forward to seeing everyone at the Foundry in March.

We are pleased to announce that at our January Board meeting, CSI Knoxville decided to join with other organizations, professionals, and representatives from our local design and construction industry in creating the Knoxville Affiliate of the ACE Mentoring Program. This program is an after school program that introduces high school students to careers in architecture, engineering, construction management, and other disciplines of our industry. Teams of volunteers will be formed to work with high school students walking them through the various roles and responsibilities

of this multi-disciplined industry. We are excited to be a strategic partner of this organization and look forward to the opportunity to help educate the youth of our community about our industry. This new program is scheduled to kick-off this coming Fall. Be on the lookout for further information and how you can be a part.

As we continue to push into the new year, make an effort to join us each month and be a part of what's going on at CSI Knoxville. The CSI Team continues to work hard on increasing and elevating the benefits to its members, so be on the lookout for new and exciting events and opportunities. If you haven't been in a while, come see what's happening, and bring a friend. Membership and attendance continue to rise as we strive to meet our goal of 50% increase in our membership by June 2019. We want to thank all of our members for continuing to support CSI Knoxville and being a part of this long standing and successful organization.

We look forward to seeing everyone at our next Chapter Meeting as we return to Calhoun's on the River on February 12th at 11:30am. See you there!

Mr. R. Aaron Miller, CSI, CDT, AIA
Design Innovation Architects
CSI Knoxville Chapter President
AMiller@dia-arch.com

CSI HIGHLIGHTS

Summary from January Board Meeting
By Ms. Susan Davis, RA, CSI, CDT, PMP
CSI Knoxville Chapter Secretary

Please invite guests to the membership meetings! The board is considering incentives for visitors. Also, as a member, remember we miss you when you don't participate. If you can't make membership meetings, consider some of our other events. Your chapter needs you!

Do you know of a program that would be interesting to engineers as well as others? Let us know!

Our membership is increasing, thanks to you! Remember to renew and invite your colleagues to join.

Our student chapter is active and has new members. Gary Bergeron catered the last student meeting with homemade gumbo and key lime pie. Yum! Consider coming to speak to the students.

Don't forget the Product Show is next month. Invite vendors to make this the best show yet.

CSI CHAPTER MEETING:

MASONRY DESIGN AND SPECIFICATION REVIEW

Presented by Pat Conway, AIA, Masonry Institute of Tennessee

TUESDAY, JANUARY 8TH, 2019

Calhoun's on the River

Lunch/Networking: 11:30 am - 12:00 pm

Presentation: 12:00 pm - 1:00 pm

CSI continues to offer you another quality learning opportunity "Masonry" Presented by Pat Conway, AIA, Masonry Institute of Tennessee.

LUNCH: Lunch will be provided by CSI and is catered by Calhoun's.

COST: CSI Members: Free. First-Time Guest: Free. Returning Guest/Non-Members: \$20

RSVP: Seating for the lunch and presentation is limited and RSVP's are important for this event. Please RSVP to either Will Dunklin at wdunklin@gmail.com or to csiknox@gmail.com

Over the years IMI has conducted thousands of masonry drawing and specification reviews for architects and engineers. This seminar is a collection of reoccurring observations of construction documents that will help you understand how to assemble comprehensive masonry information to create more functional, durable, aesthetically pleasing and economical masonry details. Better masonry information in your construction document will help mason contractors generate more inclusive bids, minimize and eliminate requests for information (RFI's) and changes during construction and help you establish realistic masonry expectations for your next project.

- ❖ Review important components of masonry drawings and specifications and how they work together to convey your design to mason contractors
- ❖ Discover the 10 most common masonry detailing mistakes we see in construction documents.
- ❖ Understand what key masonry information should be shown on the drawings verses in the specification.
- ❖ Learn how to create a comprehensive set of masonry construction documents

ABOUT THE SPEAKER

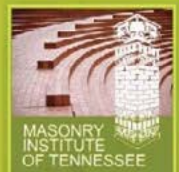

PAT CONWAY, AIA, IS A REGISTERED ARCHITECT IN WISCONSIN WITH EXPERTISE IN MASONRY PLAN AND SPECIFICATION REVIEW, DESIGNING, AND DETAILING DURABLE MASONRY WALLS, AIR BARRIERS, MOVEMENT JOINTS, RAIN SCREEN WALLS, TROUBLESHOOTING, ADHERED VENEERS AND HIGH PERFORMING WALL SYSTEMS. HE HAS A BACHELOR OF ARCHITECTURE FROM THE UNIVERSITY OF MINNESOTA. PAT IS THE WISCONSIN DIRECTOR OF INDUSTRY DEVELOPMENT AND TECHNICAL SERVICES FOR THE INTERNATIONAL MASONRY INSTITUTE.

CSI News

CONGRATULATIONS SUZAN JORDAN!

Photos by Mrs. Kathy Proctor, FCSI, CDT
CSI Historian ksp53@me.com

Written by Thad Goodman, FCSI, CCPR, CDT

The Great Lakes Region held its second online study group for the fall certification cycle. Designed to accommodate attendee's from around the country, this 8-session course was administered via Go-to-Meeting in 1-hour increments. 18 attendees from 16 states read the Construction

Product Representation Practice Guide, reviewed instructors PPT, received flash cards, and participated in a mock exam to complete the course. Instruction was provided by Dean Bortz, MA, CSI, CDT, CCPR; Janine Dallies, CSI, CDT, CCPR, LEED Green Associate; Thad Goodman, FCSI, CDT, CCPR, LEED Green Associate.

The instruction team is proud to announce that several have joined the ranks of Certified Construction Product Representatives:

Suzan W. Jordan, CSI, CDT, CCPR is a DuPont Tyvek Senior Certified Weatherization Specialist with Dealers Warehouse Corporation. Suzan provides weatherization technical support for the architectural and construction community across 6 states. Her home chapter is Knoxville (034) and is also a member of Chattanooga. She is Vice-President of Gulf States Region.

Congratulations Suzan!

Ron Martinez, CSI, CDT, CCPR has been a CSI member for only two short years. In that time, he has made the most of his certification efforts. He is a member of the Orange County Chapter and a member of the Door and Hardware Institute.(DHI)

Chuck Monteforte CSI, CDT, CCPR is an Andersen Windows, Business Development Representative. As an architectural business development rep, the expertise he has gained, through his work towards the certification,

will be immensely valuable. Monteforte works primarily in the Boston, MA. market and has built a reputation as a leader within the architectural community.

Steven Simpson, FDAI, CSI, CDT, CCPR, is a Specification Consultant and Project Coordinator with Allegion. He is a member of the Door and Hardware Institute (DHI). He currently resides in Houston and is a Houston chapter member. He has recently led his first CDT Bootcamp with the Allegion team that brought in 4 new CDT members.

Brian Valdez, CSI, CDT, CCPR, is a Senior Specialist, Architect Group for LiftMaster. Brian offers and marketing support for the architectural community across the United States, and Canada. Brian is a Chicago chapter member.

We congratulate these Industry Leaders for their commitment to stepping up to gain the highest level of certification in the CSI manufacturing ranks. Look for them in your office and at local events to support your business needs.

*The CCPR testing cycle is on hiatus for the spring and will resume in the fall of 2019. There will be an introductory webinar hosted by the Great Lakes Region Friday June 14th, 2019 for sign up and study group participation.

FOLLOW-UP INFORMATION FROM LUNCH & LEARN PROVIDED BY USG

Photos by Ms. Stacy Colbaugh, AIA, CSI, CDT
scolbaugh@lewisgroup.net
Information Provided by Dawn Spears, CSI-CCPR,
EDAC, FitWel, GGP, Industry IIDA, LEED AP BD+C,

I want to thank you for your time and hospitality during the ‘Monolithic Acoustical Drywall Ceilings’ CEU program. It was good seeing you all and I hope you found the information worthwhile and informative. Very good questions and dialog generated!

Whether you’re an architect, designer or owner, you invest a lot in the spaces you create and expect them to perform at the highest level. That means specifying a ceiling product that deliver both form and function. Ensemble is a breakthrough ceiling solution that gives you the look of drywall with the sound performance of acoustical tile.

Main Features

[Ensemble™ Acoustical Drywall Ceiling](#) is ideal for high-end applications, including lobbies, atriums, hospitality, executive/ board rooms, museums, restaurants – or other spaces with multiple hard surfaces.

- *Elegant, Seamless Drywall Look– nondirectional monolithic appearance with fine texture*
- *High Performance Acoustics-Delivers an NRC of .80 and CAC of 44*
- *Easy Installation Process -Installs and finishes similar to drywall*
- *Lower installation costs -Up to half the installation cost versus traditional acoustical plaster systems*

USG ENSEMBLE™ Acoustical Drywall Ceiling System

Details

Acoustical Performance Testing

Ensemble is a high performance product in absorbing echoing and reverberation as well as blocking sound transmission.

Color

We have the ability to match custom colors and provide factory-tinted finish spray.

Cost

The design directive for Ensemble was to provide a product that looks like drywall, performs like acoustical tile and is reasonable in cost. In Southeast the product cost range is \$30-\$35 per square foot. Each project budget however can be affected by the following:

- Ceilings over 12 feet
- Trimless Lighting and diffusers
- Number of access doors
- Cloud installations
- Job Site conditions
- Scheduling

Technical Expertise and Support

Every Ensemble project is backed by our team of experts. USG’s brings expertise in wallboard, joint finishing, ceilings and sound performance engineering.

Ensemble can only be installed by certified installers that have been trained by USG. All project designs are reviewed by our staff and every project has the benefit of a USG expert onsite to ensure the experience and the finished product is exceptional.

Last but not least, please find the 2 minute video clip from USG’s Monolithic Acoustical Drywall-Ensemble Install in a lobby in which music is regularly played. This clip includes the Musicians and their thoughts on the sound performance in the space.
